OUR PARTNERS

- **Anil** is a startup lawyer, angel investor, and mentor to early-stage startup founders with bar admissions in California, New York, and India, with nearly two decades of experience. **Anil** has represented over 3,000 startups, angels, and founders on hundreds of financing and M&A transactions, with a cumulative worth of over \$3 billion.

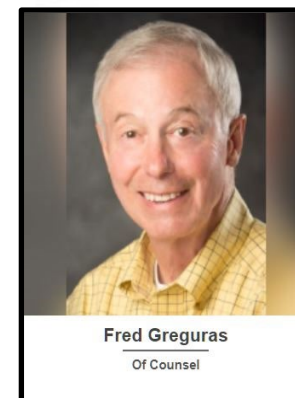

- **Chris** is an experienced corporate attorney with almost 50 years of experience in the telecommunications and technology industry. **Chris's** focus is on start-up and early stage companies with emphasis on technological and commercial transactions, trademark and privacy policy law.

- **Shantanu** is an Oxford and Columbia Law trained corporate lawyer with bar admissions in California, New York, Nevada, India, England and Wales with broad experience in cross-border legal matters. **Shantanu** is a frequent guest speaker regarding cross border M&A, venture capital/private equity, crypto, blockchain, and fintech.

- **Ashitha** has over a decade of experience representing startups, founders, investors, and funds on aspects related to corporate law, venture capital investment, mergers and acquisitions, international transactions, strategic business alliances, and intellectual property. **Ashitha** is a dual law license holder and advises U.S. companies looking to expand into India and Indian companies and entrepreneurs looking to set up a U.S. operation, or expand their existing U.S. operations.

- **Alan** is a former chair of the California State Bar Trademark Committee, working in the areas of intellectual property, employment, and is outside general counsel to many privately held companies. **Alan's** industry specialties are in consumer products, education, entertainment, software, publishing, video games, and e-commerce.

- **Fred** is an experienced U.S. and international business attorney whose transactional experience for startups includes equity and debt financing, mergers and acquisitions, joint ventures and licensing. **Fred** has substantial experience representing companies with a market focus on our operations in China, India, Vietnam and other places in Asia, and in representing investors and businesses from those countries.

NEWS ABOUT OUR CLIENTS

Represented numerous venture capital investors on their investments in startup and technology companies in venture capital financings in both the U.S. and India.

Paanini, dba Jiffy.Ai, has raised \$18 million in Series A funding for product development and expansion into new markets around the world. JIFFY.ai uses robotic process automation, machine learning and artificial intelligence to help companies automate tasks that are usually performed manually.

CloudEnablers, a B2B Enterprise software company that provides SAAS / Hybrid platform to accelerate cloud adoption, had their cloud operation and governance platform adopted by CoreStack. Corestack announced an \$8.5 million Series A investment round this year, with total funding to date of \$13 million.

After raising \$55 million in October 2018 at a \$500 million valuation, business software marketplace G2 Crowd made its first-ever acquisition to bring more features to its platform. It acquired Sifterly, who raised a seed round of \$4.1 million from a group of notable investors Founders Fund, Felicis and Venrock.

Tax filing and investment startup ClearTax has raised \$50 million (approximately Rs 370 crore) as a part of its Series B round of financing from Hong Kong-based Composite Capital. Cleartax also said existing investors would participate in the round as well, taking the total funding to Rs 400 crore.

Netradyne, a leader in artificial intelligence technology focusing on driver and fleet safety, had a \$21 million financing in new Series B funding. Investors in this round include Reliance Industries Limited, who previously invested \$16 million during Netradyne's Series A round of funding, M12, Microsoft's corporate venture arm, and Point72 Ventures.
